

In-Cosmetics ASIA establish our own booth

Wha Cheon, we make an own booth as the first challenger. Our booth number is G42. Due to flooding in Thailand, in-cosmetics Asia has been rescheduled to 14-16 December 2011. The Venue and Halls remain unchanged: Halls 101-102, BITEC, Bangkok-Thailand.

If you look for interesting items such as liquid crystal technology, phase inversion technology (PIT), Nano-emollient emulsion bulk, hair care ingredients, and specific additives, please stop by our booth (G42).

Whacheon will do our best to act on the rapidly changing cosmetics market by providing the best quality raw material to our customers. Our goal is to respond quickly and with accurate information to customer's capabilities, which is the market trend and forecasting future. We have also been developing the most innovative base raw materials for the cosmetic industry outstanding performance.

Wha Cheon Booth No : G42
